Reference: Year End Report (7/1/97-12/31/97)

In accordance with your letter dated March 24, 1998 in which you enumerated several inconsistencies in the above referenced report, I am submitting a corrected summary for that period. As for the beginning cash balance, I have submitted under separate cover amended FEC Reports going back as far as the first period of 1996.

This revision and the other reports mailed separately should bring us up to date with correct reports. If you have any questions about these reports please contact me.

Thanks for your cooperation in resolving this situation.
